

KAISER'S COUP MAY CAUSE WAR WITH ENGLAND

ESTABLISHED A BANK AND BE-
CAME FINANCIAL BACKER
OF THE SHAH.

GREAT BRITAIN IN INDIA

Would be Seriously Menaced by Such
a Move Giving Control of
Persia.

Berlin, April 22.—A new war cloud is hovering over Europe as a result of a coup by Kaiser Wilhelm in establishing a German Orient Bank of Berlin, as financial backer of the new constitutional government of Persia. The move will check the plans of England and Russia for dividing Persia in two spheres under their immediate influence.

The old time rivalry between Germany and England has been greatly augmented by the Kaiser's shrewd move. England's anger is certain to be more violent because she had planned to make herself the financial prop of the Shah.

Emperor William has gained the triumph in Asia, but his success is sure to react upon European politics. In many quarters it is believed Germany's Persian coup brings immeasurably closer what is regarded as an unavoidable armed conflict between Germany and England. German control of Persia would be a standing menace to England's rule in India.

H. C. FOX ARRESTED FOR EMBEZZLEMENT FROM BELL-DANA CO.

Harry C. Fox, late manager of the Bell Dana furniture store in this city, was placed under arrest Saturday night in the store of the company, by Detective Charles Kramer of the Columbus force, and taken to Columbus, where he will answer to a charge of embezzlement preferred by Mr. J. H. Dana, manager of the Columbus store.

The Newark branch of the Bell Dana company was established here a year ago in March, though the company has transacted business here for the past ten years through the salesmen. Mr. Fox was placed in charge of the company's store here, his contract expiring with the month of March. In accordance with the custom of the company, the local stock was invoiced and accounts balanced, when it was discovered that there was a discrepancy in the accounts.

Mr. Fox was confronted with the statement that there was a shortage, and was asked to explain the matter. He made no denial of the shortage, and the company gave him ten days in which to make good the amount.

His failure to do so was followed by the filing of the affidavit in Columbus. Detective Kramer was detailed to serve the papers and came to Newark Saturday night, locating Fox at the company's store. He was placed under arrest and taken at once to Columbus.

Mr. C. B. Mowery of Columbus, who succeeded Mr. Fox in the management of the local store, states that he is not familiar with the details of the case, having been placed in charge here only a few weeks ago. The company's auditor, H. M. Anderson is now in the city and is checking up the accounts in Newark.

The amount named in the affidavit on which Fox was arrested was \$62.50, but it is claimed that the shortage will exceed this amount a great deal. Mr. Fox is well known here, having been connected with various business firms in the city for many years.

BANDITS KILL MONKS AND SACK MONASTERY

Vienna, April 22.—Bulgarian bandits have sacked the monastery of Saint Amargiri in Macedonia, after killing the abbot and 30 Greek monks. The bandits resorted to barbarous cruelties in killing the monks. The latest outbreak may induce the powers to take steps to restore order.

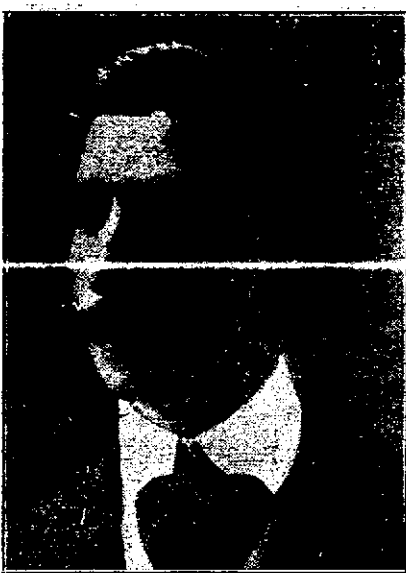

METHODIST MINISTER DEAD.

Kenton, April 22.—Rev. Leroy A. Belt, aged 71, ex-president of Ohio Northern University, and for years a popular minister of the M. E. church died here this morning of heart trouble.

INQUESTS HAVE BEGUN.

Chicago, April 22.—The inquests over the bodies of Frank Mette and wife Mary, the victims of a mysterious poison plot were begun today.

NEWARK'S LIVE ONES

MR. FRANK LINKE.

Mr. Frank Linke, 528 Hudson avenue, who is assistant general manager of the Powers-Miller company's department store, in the Union block, is one of Newark's live and energetic young business men. Mr. Linke is a thorough dry goods man and is always adding new names to the big store's list of friends and patrons. He is a member of the Elks and a Knight of Columbus. Mr. Linke, who takes a great interest in the development of the city, and is always abreast of the times, is vice president of the Powers-Miller company.

BLAME FOR DISASTER PUT UPON PILOT OF THE LARCHMONT

New London, Conn., April 22.—Steamboat inspectors today made a report on the sinking of the steamer Larchmont of the Joy Line, February 11, which resulted in a heavy loss of life. The report places the blame for the collision on Pilot Anson of the Larchmont and finds that incompetent help on the steamer and the fact that a sufficient number of life boats to handle the passengers were not properly davited was responsible for the death of many. The finding exonerates Captain McVey from blame or charges of misconduct.

PARDON ASKED FOR PRISONER BY CITIZENS

Kansas City, April 22.—Citizens by the thousands are today signing petitions to President Roosevelt for a pardon of William January, who was arrested and incarcerated in a Federal prison at Ft. Leavenworth Saturday, from which he escaped six years ago, during which time he has lived an upright life as Charles Anderson. His wife, whom he married since he escaped, is receiving many offers of assistance for herself and baby.

CHURCH SCHISM GETS INTO COURTS

Portsmouth, April 22.—The fight at the Baptist church got into the courts this morning when the followers of Rev. Chase secured a warrant at New Boston for the arrest of R. L. Ferguson, charging that he assaulted Deacon Monroe, one of Chase's adherents. He was bound over.

H. NEWTON MILLER HAS RESIGNED HIS PASTORATE

AND WILL BECOME STATE SEC-
RETARY OF THE MISSIONARY
SOCIETY.

Announcement to the Congregation
Was Made at the Close of Sun-
day Morning's Service.

The hundreds of Newark friends of the Rev. H. Newton Miller, who for the past four or five years, has been the able and popular pastor of the Central Church of Christ, will regret to learn that he will soon leave our midst to labor in a broader and more active field. At the close of the morning service Sunday he offered his resignation as pastor of the church, explaining at some length, his reasons for making the request, and expressing the keenest regret that he was compelled to take the step he has taken, as his relations with the church and the people had always been of the friendliest kind, and he had learned to have a warm feeling for all. He gave as his reason for tendering his resignation, that he had accepted the general secretaryship of the Ohio Christian Missionary Society, with headquarters at Cleveland. He said that while he deeply regretted the circumstances, which had forced him to tender his resignation here, that the new posi-

tion would give him a larger field in which to work, and that in traveling over the state raising funds for the church missions, he would be brought in contact with all the Disciples in the state, and would be compelled to be away from his home the greater part of the time.

The resignation was accepted to take effect July 1. The resignation had been tendered officially to the church board and accepted some time ago.

The new position to which Rev. Mr. Miller has been called and which is one of the most important and responsible in the church, was entirely unsolicited by Mr. Miller, which fact is evidence that the heads of the church understand and appreciate his worth.

Rev. Mr. Miller will not move his family to Cleveland until late in the fall. They will carry with them when they leave Newark the best wishes of all the people of Newark.

RUNAWAY KILLS MAN.

Bellefontaine, O., April 22.—A runaway team dashed into West Liberty this morning. James Kitchen who tried to stop the team, was knocked down and killed.

"SILENT JIM" SMITH'S HEIRS TO CONTEST

MR. JAMES HENRY SMITH

New York, April 22.—Mysterious in death as he was in life, James Henry Smith left a fortune of \$50,000,000 or \$75,000,000 for a portion of which a contest may be entered by one or more of his relatives. There are persistent reports of a fight in the courts but close friends express the belief that Mr. Smith partitioned his great fortune so fairly that his relatives will find no grounds for contest.

One sister of whom the world has known, Lady Mary Cooper of London left for New York with her husband. They will meet the body of Mr. Smith when it reaches Chicago from the Orient where Mr. Smith died while on a honeymoon trip around the world with his bride of a few months.

James Smith, known as "Silent" Smith inherited about \$55,000,000 eight years ago from a relative. The first intimation that many of his friends will have that his mother still lives and that he left a brother and sister and nephews and nieces and other relatives have just been learned. His mother now 80 years old, is living at Evanston, Ill. In Evanston also still live two other sisters of

Mr. Smith. They are Mrs. Victor Rossbach and Mrs. J. N. Mills, Geo. A. Smith the brother, has been in Philadelphia for several years. The nephews are William S. Mason in Evanston, and George G. Mason, of Aberdeen, S. D. Mrs. Frederick P. Vose wife of an attorney in Evanston, is a niece.

If a contest of Mr. Smith's will is brought about it will be because of the dissonance of some of these relatives. A well known lawyer of this city has expressed the opinion that the estate can hardly be settled without litigation.

BRE' R WATTERSON EXPRESSES VIEWS OF ROOSEVELT

New York, April 22.—Colonel Henry Watterson of Kentucky, just arrived from Europe, said that William J. Bryan seemed to be the only man in the running for the Democratic nomination for the presidency. "Mr. Bryan is an individual man with a certain following," he said. "He is not a law-giver. He may be a law unto himself. It remains to be seen if the fragments of the Democratic party lying around loose can be united on a new program. I think that organized Democracy at the present time can see no other alternative except Bryan. I do not believe President Roosevelt wants a third term for himself. I know he recently stated that if the convention nominated him and adjourned it would have to reconvene, as he would never accept another nomination. I am willing to take him at his word."

Republican editors of the Tenth Indiana district adopted resolutions endorsing Charles W. Fairbanks for the Republican Presidential nomination.

At Frederick, Md., F. Oberdorfer, antique furniture dealer; Harris & Miller, wholesale grocers, and A. M. Landauer, were losers by fire. Aggregate loss \$60,000.

SNOW IN TEXAS COLD IN DENVER NO RAIN IN CUBA

El Paso, Tex., April 22.—Snow fell here at a lively rate for more than an hour. This is the latest snowfall ever known here, and the temperature, which was 36 degrees, did damage to the small fruit and truck gardens in the valley variously estimated at from \$50,000 to \$100,000.

Cold Wave in Colorado.
Denver, April 22.—A sharp drop in temperature followed a snowstorm, 14 above zero being recorded by the weather bureau in both Denver and Pueblo, and fruit of all kinds in eastern Colorado was effectually nipped in the bud. While damage to the fruit in this state may amount to several millions of dollars, nearly all other crops will be greatly benefited by the moisture.

Pray For Rain.
Havana, April 22.—Prayers were offered in all the churches throughout the island for rain, which has not fallen for six months. The country is parched, many cattle are dying, and forest fires are devastating various sections.

KIDNAPPED CHILD OF DOCTOR MARVIN IS STILL MISSING

Gloversville, N. Y., April 22.—Myles Standish, a nephew of Dr. H. M. Marvin of Dover, Del., father of Horace Marvin, Jr., the kidnapped child, arrived in Gloversville to see the child held here on suspicion that he is the kidnapped Marvin boy. Mr. Standish went at once to the place where the boy was staying—with the woman alleged to be the wife of A. H. Allen, the suspected kidnaper, and saw the child. After making a thorough examination of the lad he became convinced that the boy was not Horace Marvin, and so told Chief Smith, who accompanied him.

Blew Open Safe.
Salt Lake, April 22.—Diamonds valued at \$15,000 were stolen today by burglars who blew open the safe of John Daynes & Sons, jewelers.

William Gooch and Harry Springer, miners, engaged in a pistol duel in a poolroom at Sturgis, Mont., and both were shot to death. Gooch borrowed \$1 from Winn Moore, a nonunion guard. Springer remonstrated with him and the shooting followed.

ROCKEFELLER TO GIVE FIFTY MILLIONS TO EDUCATE CHINESE

Louisville, Ky., April 22.—The Rev. Dr. Carter Helm Jones, pastor of the Broadway Baptist church and a close friend of John D. Rockefeller, announced during a mission sermon that plans for a forthcoming princely gift by the millionaire, and which has been hinted at heretofore, are practically complete. "I can say to you, not for publication," said Dr. Jones, "that the greatest benefactor of the Baptist church has about completed the arrangements for a gift of the sum of \$50,000,000 for the education of the Chinese."

TRAIN DERAILED ON PENNSYLVANIA

Pittsburg, April 22.—Train No. 61, on the Allegheny division of the Pennsylvania railroad, was derailed while approaching the station of Woodhill. The derailment was caused by some of the engine gear dropping in front of the pony trucks on the engine. No one was injured. The engine and tender, one baggage car of theatrical properties, a mail car and a combination baggage and smoker left the track.

Result of a Collision.
Birmingham, Ala., April 22.—Two dead and 12 injured is the result of a collision on the Southern railway at Woodlawn Junction. A southbound freight train entering the yard limits found itself without power on the main line. A passenger train some hours later ran into the rear of this train, although it is claimed a flagman was sent back to protect the freight. A wrecking train leaving the city to clear another wreck ran into the Woodlawn Junction wreck.

GOVERNMENT AID IN PHILIPPINES

Washington, April 22.—Governor-General Smith of the Philippines today reported to the war department on the earthquakes and fires that devastated the islands last week. Of the fires at Manila and Iloilo, he says the government and the Philippine commission have appropriated money to care for the sufferers.

The United States is feeding the homeless and helping the natives to rebuild the houses. No lives were lost in either fires or quakes.

THIRTY DROWN IN NEVA RIVER IN A SNOW STORM

STEAMER HIT AN ICE FLOE AND
SINKS IN HEAVY
WEATHER.

BOAT WAS UNSEAWORTHY

And Manned by an Incompetent Crew
When the Accident Happened
—Pilot Was Aboard.

St. Petersburg, April 22.—By the foundering of the river steamer Archangel, while she was crossing the Neva river near this city, thirty persons are believed to have perished. The accident occurred during a snowstorm, when the steamer struck an ice floe. Owing to the thickness of the weather the accident was not seen from the shore, but the shouts for help of those in distress attracted the crews of two steamers, which at once went to the scene. There is no means for establishing definitely the number of victims. The passage across the river was short and no count was made, but according to the police 31 persons are missing, all workmen or small merchants of the humbler classes. The Archangel was an old iron steamer, open forward and roofed over astern. She was condemned as unseaworthy last fall, but the owner was able to have the ban removed.

The crew of the boat was made up of three inexperienced men, the captain and pilot having formerly been a baker. All three of the men were saved. The boat had but little ballast, and when she ran sidewise on a big floe she careened and immediately filled and sank. The catastrophe was over inside of three minutes. Those who were not picked up immediately sank beneath the icy waters. One man scrambled to an ice floe and was carried down stream. The wreck was located lying on the bottom of the river, scarcely 100 feet from the shore, whither it had been swept by the current. It was impossible for divers to descend owing to floating ice.

The banks of the river were crowded all day with friends and relatives of missing persons looking for bodies, but none was recovered. It is probable that the dead have been carried down stream for miles. Feeling runs high against the boat owner, and threats have been made to lynch him.

STEAMER AGROUND.

Tokio, April 22.—In trying to avoid a collision today the steamer Mongolia, of the Pacific Mail line, ran aground near the Hayeds lighthouse, in the province of Nagato. The ship is so close to land that no danger threatens the passengers. The Mongolia is a big vessel, built in New York for the Pacific trade in 1904.

HEAVY DAMAGE

AT MOBILE, ALA.
Mobile, April 22.—A torrential rain visited Mobile from midnight Sunday until 9 o'clock Monday morning. The streets are covered with water. The schools are closed for the day. The new union station is completely surrounded by water. The damage to houses and buildings is heavy.

WOOSTER MURDER TRIAL.
Wooster, April 22.—Sheriff Caskey this morning took the jury which will try Allen Miller for the murder of Thos. Dye to Orrville to view the scene of the killing. Harry White, the witness on whom the state depends for Miller's conviction, is threatened with pneumonia and his illness may delay the trial.

PRESIDENT'S VACATION.

Washington, April 22.—It was announced at the White House today that President Roosevelt would leave for his summer vacation at Oyster Bay on June 12.

FOUR WERE CREMATED.

Fulton, April 22.—The residence of John Green, a merchant, was destroyed by fire last night. Four children whose ages range from two to ten years, were burned to death.

"GREATER PITTSBURG"

Washington, April 22.—The U. S. Supreme court today declined to dismiss or affirm the Greater Pittsburgh case, postponing the question until a hearing next October.

William Zeitz, while impersonating a signal man bound to the railroad track by robbers in a moving picture representation of a train-wrecking scene, was killed by a train near Croyden, England. The train failed to stop owing to an error in signalling.

James Jacobs and Albert Burt were killed and Frank Jacobs was fatally burned by the explosion of cement at the plant of the Indianapolis Rubber company, Indianapolis, Ind. The building was destroyed.

"GREATER NEWARK" IS NOW ASSURED

Idea as to how to achieve "Greater Newark" continue to multiply. When many minds work together in the same channel and follow the same trend of thought something is bound to come of it. It is said that there are those of our citizens who lie down at night to dream of "Greater Newark," and who awaken with it as the first thought uppermost in their minds. Thinking in the right direction never fails to produce some good result. You may ridicule as you please the theory of brain waves, or the result of concerted thought, but there are more things in this than are dreamed of. Anyway, something is going to result from the present agitation.

CHIEF WARNS THE PEOPLE AGAINST SHOW FOLLOWERS

Chief Sheridan and Mayor McCleery are out with their words of advice for circus day. The big Adam Forepaugh combined shows will exhibit at Newark, and it is a well known fact that every big circus is followed into town by a gang of sneak thieves, pickpockets and all round criminals. The mayor advises all citizens to take every precaution against the practices of these criminals. Chief Sheridan also urges that the citizens keep their back doors locked and all windows thoroughly fastened and valuables well hidden. The mayor has in mind the fatal accident in Columbus last season when the horses of one of the big circuses became unmanageable on High street, and dashed into the

FOR BENEFIT OF SPANISH WAR VETS

(Defiance Democrat.) The ladies Spanish-American encampment committee under the leadership of Mrs. John R. Wilhelm have perfected their arrangements for the big May festival to be held here the last week in May to raise funds for the entertainment of the Spanish-American veterans and their auxiliaries at the state encampment to be held here. The city has been divided into district and next week the ladies will make a canvass for donations for the event. The money raised at the festival will be used almost entirely for entertainment features as the visiting veterans will pay their own expenses. The hospitality of the city is planned, will be shown by treating the guests to a continuous entertainment which will be extensively advertised.

AN OFFER

To the Weak and Weary Women of Newark. "There are hundreds of women in this vicinity who are dragging themselves through life in pain and misery without vitality, strength or health," said our local druggist, Mr. F. D. Hall. "They get no happiness out of life and are just in a condition to be attacked by almost any disease. They need a vitality making and strengthening tonic.

"Now, at our expense, we want to ask every such woman to try our cod liver preparation, Vinol, which contains, beside tonic iron, the medicinal elements of cod liver oil, but no oil or grease. It is delicious to take, creates a healthy appetite, makes pure, rich, red, blood, and gives strength and vigor to every organ of the body better than any medicine we have ever sold in our store, and when a woman is in this condition it makes life worth living.

PECULIAR PEACH TREE.

There is a three year old seedling peach tree in blossom on Hudson avenue, and the fruit germ is alive and in a healthy condition. The peculiar feature about the tree is that during the nice weather back of two weeks ago, the tree showed no signs, as peach trees quite near did, of blooming, but the buds that are now full, grew entirely during the cold snap. If the tree bears good fruit this season, it is likely that it will be of a new hardy variety as the tree is a seedling and peach trees that will stand such weather as we have been having would be of incalculable value to fruit growers. The owner will use the buds from this stalk if the tree fulfills expectations.

A MOTHER'S EARLY CALL SAVED HER DAUGHTER'S LIFE

That Miss Grace Davis, daughter of Mrs. Lucy Irwin, who resides at Fourth and Church streets, is alive today is a miraculous event which is due solely to the fact of her desire to be aroused at an earlier hour than usual this morning. On retiring last night, Miss Davis, who is employed at the Jackson hotel, requested her mother to call her at 4 o'clock this morning.

After making this request she went to her room, but being overtaken with a headache, she did not at once retire. Instead she passed several hours away in reading and in various attempts to relieve her agony. All such efforts failing she turned the gas

Egg Baking Powder

Is FREE From Tartaric Acid or Alum

There are several brands of bad baking powder on the market. Look out for them!

Some kinds have Cream of Tartar in them. Others have Tartaric Acid or Alum. All of these substances are corrosive poisons!

Of course these bad baking powders do not contain enough dangerous ingredients to kill anyone — just enough to produce an irritating effect on the stomach and bowels.

Bad baking powder is one of the great causes of dyspepsia and nervous troubles.

You can protect yourself from all danger and insure better baking results than you ever had before, by using the famous Egg Baking Powder.

Egg Baking Powder is made from wheat phosphates and egg albumen.

The wheat phosphates which form the acid ingredient have both food value and tonic properties. On the other hand the Cream of Tartar and Tartaric Acid of some high priced baking powder or the Alum of low-price brands has no food value at all.

After heat and moisture have been added, as in baking, this acid forms strong metal salts which are highly injurious.

Don't allow a grocer to sell you a baking powder that breeds dyspepsia! If it is free from Cream of Tartar, Tartaric Acid or Alum, the label will say so!

Insist on pure, wholesome, Egg Baking Powder—it's safe. Not only healthful, but has wonderful leavening power. Insures best baking.

All good grocers sell "Egg." Send us a postal for free copy of The Egg Cook Book.

New York, April 22. — Pouring through the gates of the Ellis Island immigration station, the human flood of aliens reached the high water figures of 16,121 for the two past days. When the island was fairly open for business yesterday there were 9,874 ready to be examined, and more than 5,000 of these were landed during the day.

Fourteen ships brought the great horde and Commissioner Robert Wetchoorn believes April will prove the greatest month in the history of immigration there.

Never before have the forces on Ellis Island worked so hard as during the last two days, but the Commissioner has determined that his men shall pass no more than can be examined in a proper manner, and 5,500 has been set as the limit for a day's work.

While only a small part of the fleet of ships in the last two days came from the Mediterranean, yet more than one-half the immigrants are Italians.

The Silent Circle of The King's Daughters and Sons will meet at the home of Mrs. Arthur N. Banton, 339 West Locust street on Tuesday evening at 7:30 o'clock.

In Serious Condition.

Miss Blanche Irwin who for some time has been employed as chief housekeeper at the Hotel Jackson has resigned her position. Through ill health she is confined to her home. Her condition is serious.

Gus Atherton Here.

Mr. Gus Atherton, formerly superintendent of the Newark city electric lines, is in the city for a few days. Mr. Atherton is now located in Detroit, where he is associated with the Detroit and Colorado Mining company.

Very Sick Children.

The little son of Mr. and Mrs. W. C. Miller of Hudson avenue, is in a precarious condition, being ill with pneumonia. Josie Criss, the four year old son of Mr. E. C. Criss of West Church street, is very ill with typhoid malarial fever.

A Brother's Present.

Paul Johnson has on exhibition at Dalmyle's drug store, where he is employed as clerk, two large Easter Bibles made of glass at Newark, O., by his brother Harry, and presented to him. They are certainly work of art, and show the skill of the maker. —Hickman Cor. Defiance Democrat.

Spring Festival.

An interesting event in the Granville Spring Festival of May 21-22-23, will be the appearance of 300 school children in a concert. These children have been preparing during the year under the direction of Miss La Ferre who has done very efficient work. This is the first appearance of a chorus of school children in any central Ohio festival and is a good innovation.

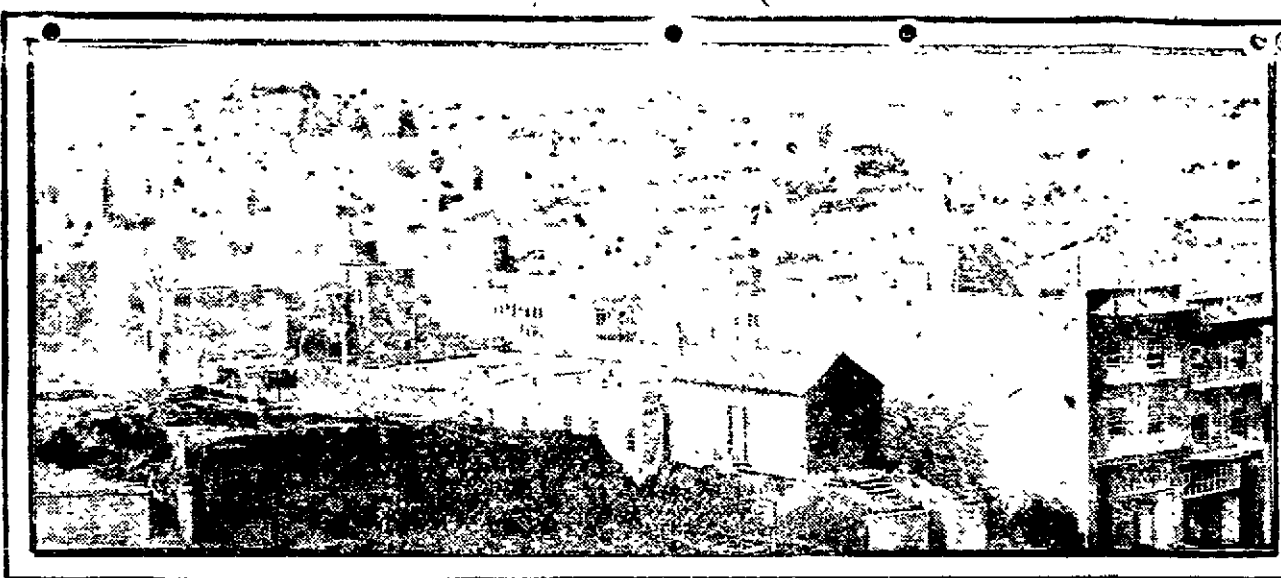

Pleased With Hospitality.

Mrs. G. M. McVeigh has returned from Newark, O., where she had been attending the Ohio Rebekah Assembly. She reports one of the best conventions ever held and speaks in glowing terms of the hospitality of Newark's citizens and of the services rendered the guests at Hotel Warden. Mrs. McVeigh was state chaplain at their session, and will be on the ticket for warden the coming year. —McConnellsville Herald.

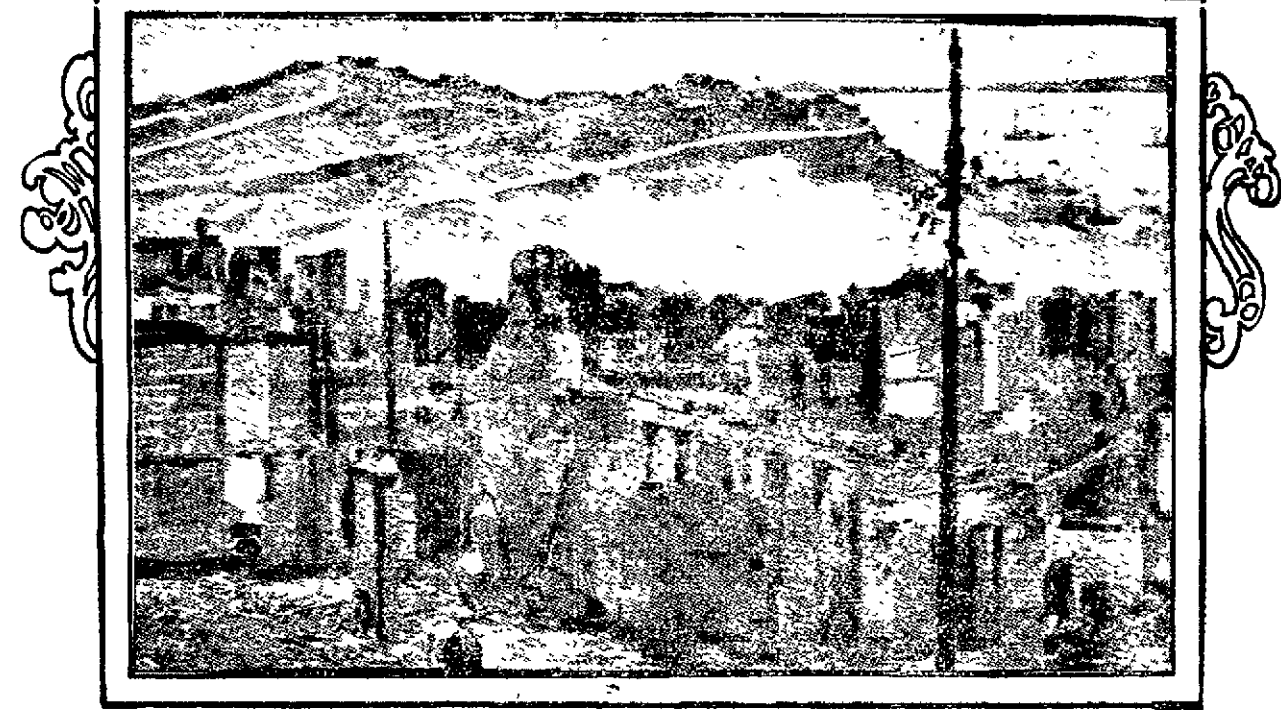

Lost and Found.

A Stark county attorney arrived in Newark Thursday afternoon and registered at the Warden. Then he proceeded to indulge in a few fancy drinks. All the time his brother bar-risters in Canton were trying their best to locate him. Saturday night he went to Columbus—that is, he started for there. Shortly after he left Newark the long distance wires between here and Canton were kept busy in an effort to locate him, but in vain. Whether he was found in the

APRIL, 1906. TELEGRAPH HILL SWEEP CLEAN.

San Francisco, April 22—Scores and scores of the 524 blocks of San Francisco, which extended over an area of nearly five square miles, and which were smoking ruins twelve months ago, are now covered with structures. The majority, of course, are frame buildings, but here and there the owners, with an eye to the future, have

U. C. T. Meeting.

The United Commercial Travelers met in regular session Saturday evening. Much important business was transacted. The next meeting will be on the third Saturday in May.

Home Mission Service.

Miss Lydia Hayes representing the Home Mission board of the Presbyterian church, addressed the congregation of Rev. T. A. Cosgrove's church Sunday evening. Miss Hayes dwelt upon the importance of the Home Mission department in connection with the regular church work and told many incidents of her life in Alaska and among the more remote parts of our country. Her address was highly instructive and interesting.

Big Fishing Trip For Boys.

The Y. M. C. A. boys are planning a big fishing trip for the first Saturday in May. The club will leave the building on an early car and spend the day fishing on Buckeye Lake. Already 20 boys have registered for this trip; this number in all probability, will be doubled before the trip takes place. Mr. Ludwig will be in charge of this outing, and will look after the welfare and pleasure of the boys. A long day of solid pleasure is assured all Association boys who take advantage of this chance for a day's sport on the lake.

The constitution is not to follow the flag into Porto Rico, if Republican statesmen can have their way, for Secretary Taft tells the people of that island that they must be satisfied with free trade with the United States and not expect self-government.

The railroads are threatening to abolish commutation tickets in Indiana, Ohio and Pennsylvania, because these states have enacted laws for two cent passenger fare. To do so will only hasten the building of more trolley lines, which will carry commuters for about one cent a mile.

That vociferous Republican organ, the New York Press thinks President Roosevelt should keep his hands off the next national convention and that nothing could be more unfortunate than that he "intends to name his successor."

Somehow the state legislatures of the great Republican states don't seem to endorse the President as he expected. The factional fight in the Republican party is getting as wide as a barn door.

The President is getting very vindictive with his old friend, "My dear Harriman," by urging the Interstate Commerce Commission "to put him in jail." He does not deserve it.

THE TIGHT LID'S EFFECT IN NEWARK

Ten Drunks Appeared Before Mayor McCleery Monday Morning in Police Court.

The police were busy Sunday, and as a result, ten drunks were brought before Mayor McCleery Monday morning. The mayor questioned each individual carefully after he had pleaded, but none of them would admit that he had secured his whisky on Sunday. The mayor took considerable credit upon himself, saying that he wanted it mentioned that none of the liquor had been secured on Sunday.

John Gray, one of the unfortunates, and an additional charge of loitering coupled with the drunk charge. It was claimed he was loafing about the B. & O. yards. He drew \$10 and costs.

Napoleon Smith, better known in police circles as "Pole" Smith, was charged with being drunk and disorderly. He pleaded guilty and was fined \$10 and costs.

Otto Vanatta, a young farmer from Washington township, invaded the barn of Mr. Keenan Sunday night and refused to vacate when ordered to do so. He also demanded some blankets to protect himself from the cold. He drew \$10 and costs.

Other plain drunks were fined \$5 and costs.

Names Confused.
The Mrs. Sadie Wilson mentioned in the police court items last Monday morning is not Miss Sarah Wilson of Valandigham street.

A Carpet Sweeping Incident.
J. B. Miles a man introducing a new stunt in the swindling line, was brought before Mayor McCleery Monday morning on the charge of theft. The charge was preferred by Leona Wheeler. Miles has been in trouble here before and was arrested some time ago by Pan Handle Detective B. M. Smith for fighting on a train. On this occasion he is charged with the theft of a carpet sweeper. Miles' plan is to go to houses, representing the Phelps repair shop on West Church street, between Third and Fourth. He solicits repair work, takes the articles to the "shop," and they are never heard of again. He repairs them and sells them.

Mrs. Sawyer Fined.
Trouble between the Sawyer and Sweeney families, Union street, West Newark, consumed considerable time Monday morning. Mrs. Clara Sawyer drew a fine and costs amounting to \$10 and a fatherly talk from Mayor McCleery for making insulting remarks to the Sweeneys.

Visitors and inmates of resorts in the Red Light district were before the mayor in numbers. Nellie Howard and Leslie Kieth were fined \$5 and costs each for being inmates. A Mr. Webster drew the same amount for visiting the place and W. O. Cooper was assessed \$5 and costs for entering the door without stopping to open it.

OFFICERS SUSPENDED BY CHIEF SHERIDAN

Chief Sheridan suspended Patrolmen William Howard and John Scott pending an investigation of charges made against the men by Elmer Lovell of 55 Webb street. The affair is a complicated one and before any definite action is taken, the mayor will make a thorough investigation. Briefly, Chief Sheridan's report to the mayor is about as follows:

Lovell claims that he found in a West Newark barber shop a guitar which he lost a month ago. After inquiring of the barber as to the ownership of the instrument, he learned that it had been left there by Officer Howard to be raffled off.

Complaint was made at once to the chief. Patrolman Howard was called up and told the chief that he had secured the instrument of Patrolman Scott. When Scott was questioned, the chief learned that the patrolman had found the instrument on the square, and instead of reporting the matter to the chief, he disposed of it to Patrolman Howard, who made arrangements to raffle off the instrument.

Chief Sheridan immediately suspended both men and made a long report of the matter to Mayor McCleery, who will investigate the matter thoroughly before taking any action.

Night Officers on Duty.
Chief Sheridan had a force of night men on duty Sunday all day looking after the lid orders. Several of the men worked all night Saturday, all day Sunday and again Sunday night, and still there were a pretty good batch of plain drunks at this morning's police court.

POKER GAME RAIDED BY CHIEF SHERIDAN

A detail of patrolmen under Chief Sheridan raided a poker game which was in progress in a rear room at the Taylor Cafe on the South Side of the Square Saturday night, seven players being placed under arrest. The game had been going quietly for some time, before the officers intruded.

Each player gave fictitious names when taken to the police station and each man was allowed to give bond for his appearance before Mayor McCleery Monday morning. Each man came up and pleaded guilty to the charge of gambling and was fined \$5 and costs. The officers placed no charge against any of the men for operating the game, not being able to pick out the big gun from the rest of the players.

A NATION OF CRIPPLES RHEUMATISM BEYOND CONTROL.

The Only Hope For Rheumatic Sufferers is Urice-O Treatment.

If rheumatism continues to spread as it has in the past few years, it would seem as though we would before long become a nation of cripples. The terrible destructiveness of this disease is apparent on every side of us. Almost nine out of ten of the cripples one meets had their affliction brought on by Rheumatism. How many thousands more there are that are hopelessly bed-ridden and whom we never see. Rheumatism from the very nature of the disease, can never cure itself and if neglected, is bound to grow worse rather than better. If you ever have any twinges of Rheumatism go to your druggist and get a bottle of Urice-O, the wonderful new Rheumatic Specific. It will cure you and it is the only treatment in the world that will cure you permanently and thoroughly. Urice-O cures by its direct action on the muscles, blood and kidneys. It seeks out the poisonous Urice and Rheumatic Acid and drives it from the system and it is only a treatment of such a nature that will ever cure Rheumatism. Liniments and plasters only serve to drive it from one spot to another. They never cure Rheumatism, because it is primarily a blood disease, and until the blood is cleared from the poison, a cure cannot take place.

There never was a case of Rheumatism that Urice-O could not cure and you should not put off taking it. You can test Urice-O free of charge if you wish. Just cut out this advertisement and send it to the Smith Drug Co., Syracuse, N. Y., together with your name and the name of your druggist, and state that you have never used Urice-O and would like to try it. They will give you free, through your druggist a 75 cent bottle, which you can test and try to your own satisfaction. Urice-O is sold and recommended in Newark by Frank D. Hall, North Side Square.

Fire's Work at Manila.
Manila, April 22.—Fire destroyed 1,100 houses and parts of the districts of Singalong, Paco and Bambang, in Manila. The American settlements at Ermita and Malate escaped through the hard work of the firemen, assisted by soldiers and citizens. The flames, fanned by a heavy gale, swept an area of 100 acres clean within two hours, and destroyed 100 homes occupied by foreign residents and 1,000 native houses. The damage is conservatively estimated at \$200,000 in gold.

Want Fighting Checked.
Lodz, Russian Poland, April 22.—In order to put an end to conflicts between Socialists and Nationalists, which during the last three days have resulted in 12 men being shot dead and 16 being wounded, the local labor organizations have issued proclamations condemning murder and appealing for a cessation of the fighting.

Destroyed by Fire.
Northampton, Mass., April 22.—The sawmill of the Connecticut River Lumber company, situated at Mount Tom village, which had a daily output of 100,000 feet of lumber, was destroyed by fire. Loss \$100,000.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

ARBUCKLES' ARIOSA COFFEE

SAVE THEM AMBITION AND THE POWER THAT TURNED THE WILDERNESS INTO THE GREATEST RICHEST COUNTRY THE SUN SHINES UPON

SOLD IN SEALED PACKAGES ONLY FOR YOUR PROTECTION

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckles' Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckles. No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion.

Arbuckles' was the first roasted packaged coffee, and its sales exceed all the others put together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckles' ARIOSA, or what you pay for it, it's the same old uniform Arbuckles' ARIOSA Coffee.

If your grocer will not supply, write to ARBUCKLE BROS., New York City.

FLEXIBLE

THE worst thing about breaking in a new pair of shoes is the hard, stiff feeling of the soles. You instantly notice a great difference when you put on a pair of "Dorothy Dodd" Shoes. They are especially constructed with the object of securing extreme flexibility of the innersole. The foot feels as if it rested on a soft cushion, instead of on a hard leather bottom. They combine all these minor points which count for a great deal if you value comfort and care to escape fatigue. Yet they cost but \$3.00, \$3.50 and \$4.00 the pair.

At the end of this period in Italy he returned to Germany, taking up the baton as one of the first conductors of Grand Opera in Berlin. During his residence in that city he was vice-president of the world-renowned Stern's Conservatory, and one of its most popular instructors. Last year, desiring to visit America, he accepted an offer from Dr. Ziegfeld. At the close of the season he decided to remain permanently in America and accepted the post of Conductor of the Chicago Symphony Orchestra. In addition to his work as director, Mr. Von Fielitz devotes a limited portion of his time as private instructor in composition and coaching.

CIRCUS TOMORROW

The opening of the circus season is announced for tomorrow. The Adam Forepaugh-Sells Brothers' combined shows will give two exhibitions here. Many novelties and features in plenty are announced in preliminary information. Much stress is laid upon the magnitude of the spectacle which forms an important part of the performance. This is described as a realistic reproduction of a great city conflagration entitled "Fighting the Flames," enlisting the services of one thousand actors. Miles of scenery will be required in arranging the street scenes, and there will be real fire engines, hook and ladder apparatus, hose carts, live saving machinery, fair breath escapes and heroic deeds of bravery.

Among the arenic artists are the Davenport family of equestrian celebrities; Oscar Lowanda, sensational bareback rider; Spessard's troupe of trained bears; Frederick Zobelie in an old world aerial novelty; the Flying Fishers; the fearless Lavans; the Navarros troupe of high wire experts; the Cornalla family in a novel acrobatic specialty; Captain Webb's two companies of trained seals and sea lions; Edward Shipp's school of beautiful manage horses.

Of riders there will be a score of more. They are said to be the champions of all countries and of all schools of equestrianism.

First class aerial performances possess the most thrilling interest for everybody and in this branch of arenic art the Forepaugh-Sells are pre-eminently strong.

HERBERT S. BIGELOW A NOTED LECTURER TO BE IN NEWARK

Herbert S. Bigelow, a noted lecturer and orator of great ability, will address the men of Newark at Taylor Hall in the Y. M. C. A. Monday night, April 29 at 8 o'clock.

Mr. Bigelow is secretary of the Ohio Direct Legislation League and will present a subject of interest and great concern to all voters, "Direct Legislation by Popular Vote."

Mr. Bigelow comes under the auspices of the Young Men's Christian Association and the Civic Improvement League of this city. The movement to secure Direct Legislation in Ohio is an entirely non-partisan effort. All the men of the city are invited to hear Mr. Bigelow. The Men's Leagues of the churches, political organizations and the labor unions are especially invited.

Mr. Bigelow, a clergyman and lecturer, is a public speaker of great power and force. This together with a question, the solution of which will affect every voter in our state, should insure Mr. Bigelow a large audience April the 29th.

New York, April 22—For more of getting to his passenger. Mean-while a great crowd gathered while Police on foot and by other police tried to decide ways of rescue. Finally Mrs. Turner was helped out none the worse for her experience.

She was Mrs. David B. Turner. As Driver O'Hara took the reins to drive away from a store a car approached, but he swung his horses round in front of it and turned to the north. At the same time a north bound car came upon him so suddenly that he could not turn out. O'Hara clambered down from his box only to find that there was no apparent way

MUSIC FESTIVAL'S EMINENT SOLOIST

Mr. Alexander Von Fielitz, who will appear here in the Newark Spring Festival, was born in Leipzig. His father was a Pole of French parentage, while his mother was a Russian of Italian descent. By birth and education he is German. He was educated in Dresden, and after completing his collegiate work he devoted himself to music, studying piano with the famous Jules Schunhoff and composition with Edward Kretschmer. Karl Banck, the eminent musical critic, was his worthy friend and adviser. He began his work as a composer when yet a very young man and had the satisfaction of having his first composition (sacred choruses and symphonic poems) performed with great success in Dresden. REGULARS TRIM YANIGANS WELL

A TRIP AMONG THE CLOUDS IN THE EIGHTH LAST FOR THE YOUNGSTERS.

AMATEUR MEN IN THE GAME

Regulars Played Well and Work of Pitcher Henderson Was Great. Score 9 to 0.

A trip in an airship in the eighth inning of the game at Wehrle Park Sunday afternoon, spoiled a good game of baseball. It spoiled what looked like a 1 or 2 to 0 game. As it was, the Regulars piled up nine scores on the Yanigan outfit while the bunch of youngsters were unable to fathom Henderson's delivery long enough in any one inning to accomplish any scoring.

The balloon ascension which threatened on the exhibition, was started by Third Baseman Drum. A King Company player, who called to Smith that he would take a fly from Walls' stick. Smith stopped running until it was too late to get under the ball. The play was scored a hit, though it was an error judgment on the part of Drum.

Then followed a complete disorganization of the Yanigans. Thomas followed with an error giving Al Schweitzer a life at first and several bunts intended for sacrifices went for hits, because no one covered first. Big Ed Ascher who did some clever fielding of these pesky bingles, could do nothing without a man on the stick. The first baseman, who in this case was Joe Locke, was also playing for the bunt, but was not in position to cover the bag.

The Colts "strengthened" their defense by securing three players from the amateur ranks of the city. The King Company team furnished two men, Center Fielder Farrell and Third Baseman Drum, and Right Fielder Perry. All these men showed up well considering that they were up against professional ball players. Drum gathered two clean blows and Farrell drew one safety, but Perry pitched in poor luck and did not get into the hit column.

Things went nicely until the eighth inning. The regulars scored in the second when Bunny Pierce threw a double to second, allowing Wratten to reach third. He later scored on a hit.

In the sixth, an error and a hit by a passed ball scored another run. In the eighth, Walls sent a fly into the clouds which started a run. Drum called that he would take it and Shortstop Smith let him go after it, but the Alphonse and Gaston act permitted the ball to drop fair. An error by Thomas followed. Three safe hits came next, nearly all of them being due to poor team work. When the smoke cleared away six runs and five hits were registered and the game was hopelessly lost.

Stoupe and Ascher both worked well for the Yanigans while Henderson for the Regulars worked well. He has a delivery which somewhat resembles the underhand throw of Howard Stone. In spite of the fact that he is suffering from a lame wing he worked well.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

CLEON WEBB AND JOE LOCKE APPLIED THE CLEANER IN GOOD SHAPE.

WEBB FANNED NINE MEN

Good Hitting and Excellent Team Work Features Game for Locals. Pierce the Star Hitter.

In a game that bristled with sensational plays at every turn, Newark again applied the cleaner to the Medicine Hat bunch, this time to the tune of 10 to 1. There was good pitching aplenty on Newark's part and the fielding was clean and fast. There was better hitting than ever and the 200 or more fans who braved the chilly weather saw a first class exhibition game.

Lefty Webb was a brilliant star. He never pitched a better game than the one at Wehrle Park Saturday afternoon. He had all the control that a first class side wheeler needs. He had plenty of steam when he let out and his curved balls were wide and large. In fact he hung wreaths of mystery around the necks of every Medicine Hatter and they merely

The Newark side wheeler who pitched a wonderful game Saturday, fanning nine men in 5 innings.

walked to the plate, waited for the big youngster to throw up three, and then walked back to the bench again. On two occasions the Canadians were retired on strikes. In one inning he pitched just ten balls and not a one was hit. The first two men up fanned on the first six balls offered. The next man had a strike called on him, then a ball and then two strikes, retiring the side.

As for fielding, it was fast and snappy. Smith gobbled everything in sight at third, and Wratten at short was also on his toes. In the field, Walls did not play as well as in former games, having two hard chances, one of which he fumbled badly. The other he misjudged and got it on the finger tips. It went for a hit and Hollis made two bags on the play.

Haval played a pretty game, making several difficult stops and getting some nice throws to first on close plays. A couple of double plays in which Wratten and Haval figured, showed that the team was in good form at this stage of the game and the fans were happy.

As for hitting, there was plenty of it on the part of Newark men. A total of sixteen blows was chalked up for the Newark hitters, several, however, being registered because of the slowness on the part of the Canucks in fielding bunts, and not covering the bags properly.

Pierce and Smith were the star hitters of the day. Newark's new first sacker opened up a can of first class bingles, getting four justifiable hits. Smith got three, one a three base to right center which went almost to the fence. This came with the bases full too, and even then, Smith might have made it a four sacker by taking a long chance on getting home.

All through the game, Bob Berryhill wore the smile that would not come off. He was tickled to death over the showing made by his men, and he remarked over and over that it was a marvelous thing that his pitchers were in such good form so early in the game.

The Medicine Hatters did not put up such a bad game after all is considered. With more practice and able coaching they will give most any team a stiff fight. Their pitching staff is nothing to brag upon, though every man is an earnest worker.

Several times, the men mixed their signals and did not cover the bags just right for fielding the bunts. This weakness was responsible for several of Newark's bings.

In addition to the free trip for ten young ladies to Washington and Jamestown, the Advocate will send the young lady having the largest number of votes in the contest, on a trip to New York, with the chaperon of her own selection. A great author from the West said: "If I wanted to find a place where I could see everything there is to see, in the best manner, and in the shortest length of time, I would select New York." TWO DAYS IN NEW YORK. A trip to Manhattan Beach, and dear old Coney Isle, is worth working for. Songs have been written about Coney Isle, and Manhattan Beach, and books of every description have told of the pleasures to be found at these watering places.

Try and be the Winner. Many ambitious young ladies can be the winner, and make this beautiful trip.

Work to that end. Work for the trip to Jamestown, and fight harder still for the TRIP TO NEW YORK. Enroll now, and go in to win. The trip to Washington and the pleasures to be found there can not be described by "word pictures." A visit to the National Capital is an education and a pleasure.

Send in your name at once. Your friends will all help you, and it will not be hard to come out the winner. A trial is all you need to make you a fortunate one. A little effort will make you a winner. Send in your name to the Contest Manager at once.

The first publication of the vote will be made on Saturday next. The young ladies now in the contest have just started and their friends have just begun to work for them. Many will be surprised to find that votes will come from unexpected sources.

In all of the districts there is plenty of room for more contestants. Now is the time to enter.

The Advocate unqualifiedly indorses the candidacy of each of the contestants. Without exception they are just the kind of young women whom the paper hoped to interest when the contest was first suggested. All are members of respected families.

WHAT'S THE GOOD OF A PHYSIC? A good physic, the right kind is always beneficial. In our opinion secret drugs and so-called aperient waters should not be used. Our experience leads us to believe that Blackburn's Castor-Oil-Pills is the best physic for old and young, because they act on the entire alimentary tract and tone, purify and cleanse thoroughly. They nourish the bowel nerves and the bowel nerves do the rest. Any one who tries them once, will never consent to use common cathartics, aperients, etc.

GREAT BUILDINGS
AT JAMESTOWN
ARE INCOMPLETE

Norfolk Va., April 22.—Despite the splendid efforts of a corps of energetic officials and thousands of carpenters, masons and landscape gardeners, the Jamestown tercentennial exposition will be opened Friday unready. Many of the magnificent structures are incomplete. In the beauty of the water show, with its amazing gathering of foreign fleets, and in an opening program with President Roosevelt in the leading role, with diplomatic, military and naval presentations of great and small foreign nations participating, the public will have its recompense. So vast and complete is this program that exposition visitors will not have time to take notice of the unfinished state of the buildings and grounds. The grounds and buildings at the exposition are about 80 per cent finished. Several of the most important buildings are built solidly of brick, cement and iron, and these are intended to remain on the grounds as a nucleus of a great park.

BIDS OPENED FOR
NEW HIGH SCHOOL

The Board of Education met in special session Monday noon and opened the seven bids for the new High school annex. To Visit Hawaii. Washington, April 22.—The congressional party that is to visit Hawaii on the invitation of the legislature of that territory, in order that they may personally become acquainted with conditions there, will assemble at Chicago on April 26. The members will go to San Francisco on a special sleeper attached to the "overland limited" and will sail on the transport Buford on April 30. The party, which will be in charge of G. B. McClelland, on behalf of the delegates from Hawaii, will include J. Warren Keifer and Mr. Cole of Ohio.

Swedish Envoy. New York, April 22.—M. De Lagercrantz, the first Swedish minister to Washington since the separation of Norway and Sweden, arrived here, accompanied by his wife, on the liner Amerika. He will remain in this city for a few days and then go to Washington. "This is my first diplomatic post," said the newly appointed minister, "and I think I shall enjoy immensely my duties."

What Would
You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nerve, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third day, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 9 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nerve might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles, in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

REV. F. MILLIGAN,
Genda Springs, Kans.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

BANDIT MAY BE
GIVEN FREEDOM

Leader of the "Camorra" Wanted at Naples For Assassination.

CAUGHT IN RAID IN NEW YORK

Prisoner Has All the Appearance of an Italian of High Rank and Denies That He Committed Any Crime. Authorities Awaiting Action of the Italian Government.

New York, April 22.—An interesting tale of an Italian bandit was brought to light by a police raid in the East Side. The man is Enrico Alfano, head of the mysterious Camorra of Naples, an Italian organization of freebooters and terrorists.

When the police made a raid on a den one night last week, Alfano was discovered crouching into a corner, seeking to escape the glare of the policeman's lantern. He has been held without bail on the charge of murder, but unless the necessary requisition papers arrive from Italy or some strong representations are made from Rome to the government at Washington, it seems likely he will be given his freedom.

Death was the punishment inflicted on one Cuocolo, a pretender to the position of ruler of the Camorristi, and Alfano is declared to be the slayer of his rival. The pretender was lured to a forest, where he was stabbed to death, it is claimed, by Alfano and his conspirators. Then the wife of Cuocolo was killed. The assassinations spurred the gendarmes of the extraordinary activity. Alfano, the conspirators, always protected the far-reaching Camorra, seemed immune from prosecution. Indeed, he was held by the populace as a demigod. With headquarters at Naples, the Camorra stretched out in all directions, carrying on systematic terrorism, robberies, blackmail and other forms of crime, a huge and fine-spun web to enmesh many victims, which was directed always by Alfano and which always safeguarded him from misadventure.

Alfano fled to America and to the Italian settlement of New York. He is not much over 35. A handsome face is marred by an ugly scar. In the police court Alfano had all the appearance of an Italian of high rank. He wore a suit of fine texture, moulded to his slender form. He admitted through an interpreter that he was Alfano, but denied that he had committed any crime. He was, he coolly declared, visiting the United States because of the frequency of political arrests in Italy.

Doctor Aked's First. New York, April 22.—Rev. Charles F. Aked, for 16 years pastor of the second largest Protestant church in England, assumed the pastorate of the Fifth Avenue Baptist church of this city. Dr. Aked's labors at Liverpool, where he was pastor of Pembroke chapel, drew the attention of Europe because of his ability as a preacher. Dr. Aked first preached at the Fifth Avenue church early last winter, and left a deep impression upon the members. Subsequently a call went out to him, a call which received the earnest indorsement of John D. Rockefeller, who is one of the pillars of the Fifth Avenue congregation. The new minister's initial sermon was in the nature of a message to the American people. Dr. Aked declared he was here to preach to all men—to take his place with the leaders of all the churches and to summon all his energies to battle with the problems that trouble American life.

French Girl a Suicide. New York, April 22.—Because she was afraid she was losing the love that meant more than life to her, Isabelle Boutelot, a pretty French girl, killed herself, having sought her lover's room as the place to die. Louis Belleville, a member of the orchestra at Hammerstein's Manhattan opera house, was the lover, and when he returned to his boarding house he found the body of his sweetheart and a letter which she had written telling him that life was no longer worth living. The girl reached her lover's quarters by means of a fire escape. Once in the room she tore part of her clothing into shreds and stopped all the crevices in the windows and door and turned on two gas jets. Then she sat down in a rocking chair to await death. Belleville was much affected by the girl's death and has arranged for her burial.

Bonds Recovered. New York, April 22.—W. O. Douglas, loan clerk of the Trust Company of America, was arraigned in the West Side police court and remanded without bail on the charge of taking from the company \$500,000 in bonds. He was arrested on the complaint of Oakleigh Thorne, president of the trust company, who discovered the loss of the bonds and personally traced Douglas to a hotel in Forty seventh street. Mr. Thorne stated that after his arrest Douglas admitted to him that he had taken the bonds, which were those of the Chicago, Rock Island & Pacific Railroad company, about 10 days ago, and also told where they were. He said he had made no attempt to dispose of them and that he did not know why he took them. Douglas had been with the company for a number of years. His salary was \$7,500 a year and he was not known to be in financial straits.

CALDWELL GIRL
ONLY SIXTEEN
FOUND IN RESORT

JUDGE BRISTER NOW HAS THE CASE IN HIS JUVENILE COURT.

Officer Dawson Located the Girl—Other News Gathered in the Court House.

Apprehended in one of the resorts of the Red Light district late at night by a local officer, Ada Stewart, a 16 year old girl from Caldwell, was locked up in jail last night and this morning turned over to the Probate court, sitting as a court in juvenile cases. Mayme Bernard, proprietress of the resort, Charles Jeffreys and Dick Jacobs, also of Caldwell, were held by the police until the investigation of the juvenile court in the case.

The arrest was the result of the good work of Officer Dawson, whose beat takes in the greatest part of the Red Light district and the two depots. He was at the B. & O. station when a late train pulled in Sunday night, and saw Miss Stewart leave the train in company with two young men. Her youth attracted the attention of the officer, and he followed the trio. They left the station and went towards Railroad street and the officer kept far enough behind them to avoid being discovered.

After noticing the three enter the house of May Bernard, Officer Dawson reported the matter to headquarters and several officers were sent to the house, which was raided. The girl was found in company with one of the men in a room. The inmates and visitors at the resort were placed under arrest and taken to the city prison, two of the inmates and two visitors were arraigned before Mayor McCleary and fined, but the other cases were taken before the juvenile court.

Miss Stewart is a daughter of Kirk Stewart of Caldwell and has been living with her sister, Ella Stewart of Cambridge.

The parties appeared before the Probate court, sitting as the Juvenile court Monday afternoon and demanded a jury trial. The case was then continued until the beginning of the criminal term of the Probate court on Monday, May 6, the parties giving bond in the sum of \$500 each.

Washington C. H. Officer Here. Chief of Police Kerrigan of Washington C. H., O., is in town today to testify before the grand jury. Chief Kerrigan figured in the arrest of Roy West, charged with the burglary of a North End bakery.

Mistake in Description. An action has been commenced in the Common Pleas court by Kibler & Montgomery as attorneys for the Flint Ridge Coal company, Albert Loughman and others, against Esther Brown, to correct a deed and partition proceedings heretofore had between the parties alleging that there had been a mutual mistake in the description of the property. By mistake Loughman had conveyed to the coal company their homestead where it was the intention to convey another farm.

Motions Filed. In the case of Charles Fred Sites vs. the Sprague Grocery company, the defendant, by its attorneys, Kibler & Montgomery, has filed a motion and brief to the petition of the plaintiff. It avers that Sites by his action, is not entitled to an accounting and that his petition does not state the cause of action. This is an action involving the right to sell Clover Leaf farm. Kibler & Montgomery, as attorneys for C. H. Warden, have filed a motion to the petition in the case of Charles D. Gill against Samuel C. Fink. They ask that the plaintiff make his petition more definite and certain by stating how he became the owner of the notes when they were endorsed, and what he paid for them.

Suit For Money. Samuel B. Frici has commenced a suit in the Common Pleas court against Joseph W. Horner, administrator with the will annexed of the estate of William M. Morey, deceased, to recover \$318, alleged to be due him for board, washing and nursing, furnished May Morey, wife of William Morey, deceased, from March 4, 1902, to September 16, 1902. Flory & Flory, attorneys for the plaintiff.

Answer and Cross Petition. In the case of Thomas J. Vanostrand against Mary Ann Vanostrand, the defendant has filed her answer and cross petition. She says that she is the owner in fee simple of the undivided one-half of three parcels of land described in the amended petition, and as the widow of George W. Vanostrand, she is entitled to dower in the other undivided one-half of the parcels of real estate; that she is entitled to dower interest in the last two parcels of real estate described in the petition. She asks that she may be assigned her dower interest in the real estate by metes and

The Garrison Case. In the case which was tried in the Probate court some time ago of the State of Ohio against Odell Garrison of Utica, the court Monday sentenced him to pay a fine of \$5 and the costs. On application of Garrison's attorneys a bill of exceptions was allowed and the matter will be taken up to Common Pleas court.

Common Pleas Court. The Common Pleas court convened Monday with Judge Campbell on the bench. The grand jury was charged, some informal cases disposed of and a number of cases set for hearing.

STANDARD OIL WILL ATTACK THE ANTI-TRUST STATUTE

Its Validity Will be Questioned in Demurrers to Indictments Filed at Findlay

Prominent Columbus Man Dropped Dead at the Telephone ---Crime of Bandits at Lima---News of Buckeye State Condensed.

Findlay, O., April 22.—The validity of the Valentine act was attacked here when attorneys for the Standard Oil company filed demurrers to the secret indictments found against the Standard and its subsidiary companies.

The demurrers filed claim the facts stated in the indictments do not constitute an offense punishable in the state of Ohio; that there is a misjoinder of separate offenses differently affecting several indictments set forth and a misjoinder of defendants therein; that the statutes of the state of Ohio denouncing conspiracies, or combinations in restraint of trade, commonly known as the Valentine act, are a violation of the constitution of the United States, because the indictments are styled as being in violation of section 1 of the fourteenth amendment to the constitution, in that no state can enforce a law depriving an individual of property or his personal liberty without due procedure of law.

Article 1 of section 8 provides that congress shall have the power exclusively regarding matters as charged in the indictments, and that no state shall pass an ex post facto law to impair the obligations of any contract. The eighth amendment of the constitution provides that no excessive fines or punishment shall be imposed for offenses as named in the indictment.

Vorys' Report.

Columbus, O., April 22.—According to the annual report of State Insurance Superintendent A. I. Vorys, the Ohio business of the 53 companies in 1906 aggregated \$114,636,264, of which \$76,612,144 was ordinary and \$38,023,620 industrial. The amount terminated was \$36,650,095, of which \$57,911,060 was ordinary and \$28,739,035 industrial. The amount in force was \$740,662,506, being \$592,537,080 ordinary and \$148,125,423 industrial. The net gain during the year is \$27,935,169. Ohio policy-holders paid in premiums \$26,781,220.16. Losses incurred in this state were \$8,827,634, of which \$7,174,074 was paid.

Crime of Bandits.

Lima, O., April 22.—William Legg, 40, was shot and almost instantly killed in his meat market in the suburbs of Sidney, south of this city. Two strangers entered his place and while one of them covered Legg with a pistol the other proceeded to rob the cash drawer. Legg made an effort to secure his pistol, when the man with the gun fired, four shots in all being exchanged. Legg was shot through the stomach, the bullets shattering the spinal column. The robbers secured about \$25 and fled. Frank Earl, 26, and Frank Walker, 31, suspects, have been placed under arrest.

Denied Receiver.

Cincinnati, O., April 22.—Trustees of God's Bible School and Missionary Training home were scornfully denounced by Judge Pfeiffer of the common pleas court, although he denied an application for the appointment of a receiver for the Bible school. Two petitions were filed, one for removal of the trustees by supporters of the school and one for the appointment of a receiver. Both were denied, but provision was made for the protection of all interests at the time of the next election of trustees for the school.

Died at Telephone.

Columbus, O., April 22.—John Orson Johnston, president and general manager of the Columbus Gas and Fuel company, fell dead at the telephone in his residence just as he had finished a conversation with his family physician making an appointment for a conference. Mr. Johnston had been in ill health for a year, the result of overwork, and weakness of heart had developed. He was 54 years of age and had been identified with the natural gas business in this state since 1880.

Wife's Discovery.

Bellefontaine, O., April 22.—Jordan Dunaway, 63, retired farmer, committed suicide at his home here. He went to the barn to hitch up his horse to go to church. Mrs. Dunaway wondered why he did not come, and going to the barn found him hanging from a rafter, a line around his neck. He had been in ill health. One son, Robert Dunaway, is a Presbyterian pastor at Greensburg, Ind.

Rew in a Church.

Portsmouth, O., April 22.—A faction opposing their pastor, Rev. Freeman Chase, made an attempt to depose him and hold services with another minister, caused a riot in the Free Will Baptist church here. When the police authorities were appealed to they refused to interfere. Order was finally restored by the new minister and elders withdrawing. A majority of the church officers are opposed to Chase,

who has withdrawn from the conference and has been conducting the church independently.

Meets at Columbus.

Washington, April 22.—The interstate commerce commission will give hearings at Columbus, O.; Memphis, Tenn., and Louisville, Ky., this week. The hearing at Columbus Wednesday will be on a complaint against the Hocking Valley and the Wheeling & Lake Erie railroad companies, involving the question of discrimination against certain coal operators along the lines of the defendant companies in the matter of car distribution.

Denies the Charge.

Lima, O., April 22.—George Myers, charged with criminal assault upon four-year-old Gladys Ryan, was taken from the county jail and arraigned before Justice Dempster, where he pleaded not guilty and was held to answer before the next grand jury under \$1,000.

To Bring Ouster Suits.

Toledo, O., April 22.—The grand jury returned more than 75 indictments against wealthy and prominent local manufacturers and dealers, the indictments including true bills against lumber dealers, brick manufacturers and members of the Master Plumbers' association. Heads of firms, wherever possible, have been indicted, and the agents or underlings have been ignored. No corporations have been indicted, the purpose of the prosecutor being to bring ouster suits against these and to punish the officers.

Many Families Destitute.

Gallipolis, O., April 22.—All miners at Pomeroy Bend continue on strike, with the end not yet in sight. Over 1,000 persons are affected by the strike. Many families are reported in a starving condition. The operators have attempted to work with strikebreakers, but the effort resulted in some bloodshed, but no fatalities.

Fell Into Cistern.

Columbus, O., April 22.—While playing in the yard Wilbur, 6, son of Ransom Collins, fell into the cistern on the Foley farm a mile west of the city and was drowned, the body not being found until almost five hours after the child was missed.

After Ten Years.

Marietta, O., April 22.—Ten years ago the Schwinderman brothers, it is alleged, played "white cap" and threw stones and eggs at Jacob Schoel, at Lowell. A few days ago Schoel learned their names, and the brothers were held to the grand jury.

Wets Won.

Bellaire, O., April 22.—The "wets" won a decisive victory in the local option election, carrying every precinct in the city except one. The total vote was "Wets," 1,731; "drys," 1,162.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A household remedy in America for 25 years.

CHURCH ANNIVERSARY.

The ninth anniversary of the dedication of the M. E. church at Pataskala took place on Sunday. Rev. R. D. Morgan of Columbus, who was the resident minister at the time of the dedication, preached at the morning service. He also spoke again in the evening, and Rev. T. M. Leslie also preached. There was a large attendance at all the services.
